Please join the Plattsmouth Conservancy as we explore an array of period fashion. Beginning with the Civil War, we will peer back in time with you, looking at vintage clothing styles and accessories over a period of 100 years. Through our models, displays, music and a spirited narrative, we will consider the evolution of fashion trends and reflect on the influences that helped create them. During the program, we will sip a freshly brewed Victorian rose petal tea and enjoy a homemade dessert created with recipes and pans from the 1920's - something our grandmothers might have prepared in their warm and busy kitchens.

Reservations only. Please call 402-296-2249 or email sallgeier@windstream.net to make reservations. Tickets also available at Shaw Hardware, 433 Main Street in Plattsmouth.
